Dear Ms. McLain:

I am writing to express support of the National Association of Councils on Developmental Disabilities (NACDD) proposal titled "Councils on Developmental Disabilities Ayudar Familia Project.

The project proposed by NACDD will provide a variety of leadership/advocacy training modules specifically designed for families of Hispanic children with disabilities directly to Hispanic families in the four priority states as well as provide the curriculum to all Councils in 54 States and Territories. Additionally, the NACDD proposal seeks to collect information from all States and Territories on the types of informal family supports that are available to families of Hispanic children with disabilities. This information will be shared nationally and be a wonderful resource.

Fiesta Educativa Inc. is pleased to continue a relationship that is beneficial to us and to individuals with developmental disabilities. We wholeheartedly support this grant proposal and pledge a working partnership with this effort.

Sincerely,

Irene Martinez
Executive Director
